Florida has become one of the latest states to allow associations to elect directors and pass amendments electronically. Electronic voting has many advantages and some of them are:

- Vote from anywhere you have internet access - a computer, smart phone or tablet.
- Increase member participation and make it easier to obtain the necessary quorum to conduct important membership meetings.
- Voting electronically is often more private, accurate and secure than paper ballots.
- Online voting makes it more difficult to engage in voter fraud.

Vote HOA Now has been providing e-voting services to states such as Virginia, South Carolina, Texas, Oregon,

The Community Advocacy Network (CAN) is Florida's leading voice for the interests of 60,000 community associations. CAN helps to lead the fight against over-regulation of private residential communities by state and local governments. Each year since its inception in 2007, CAN spearheads important State legislative reforms designed to protect and enhance Florida Community association living. CAN continues to foster financial stability and operational integrity to all common-interest ownership communities statewide. CAN was established by the Community Association Law Firm Katzman Garfinkel. For additional information please contact info@CANFL.COM.
