BROUGHT TO YOU BY

STONE BUILDING SOLUTIONS

Get ready for an unfiltered look at what's next after you've completed your SIRS.

- How is enforcement really playing out?
- Can you challenge or revise the findings?
- What happens if your board disagrees—or worse, if you can't get owners to approve funding?
- If the deadline hits and the repairs aren't urgent, can you delay or get a second opinion?
- Are new legislative changes coming that could shift requirements again?

SIRS isn't just a checkbox—it's a roadmap, and how your board navigates it will impact your insurance, banking, and property values.
